OFFICIAL COUNT MAY BE REQUIRED TO DECIDE FULLINGTON-TRACY AND O'NEIL-JULIAN CONTESTS

President Goes Riding In Old-Fashioned Victoria

President Wilson recently created a sensation in Washington by going riding in an old-fashioned victoria, such as were used in the days of Lincoln and Grant. The president had always before taken his rides in an automobile, and his appearance behind horses may revive interest in driving.

Davis Appears Certain Of Gubernatorial Nomination On The Republican Ticket

COLUMBUS, O., August 12.—Straggling returns received this morning rendered still more uncertain the outcome of the contest between W. A. Julian, of Cincinnati, and Judge A. F. O'Neil, of Akron, for the Democratic nomination for United States senator.

With only 167 precincts to be heard from out of 6,000 in the state, O'Neil was leading by only 19 votes. This morning he had a lead of 332. The race is so close that it probably will take the official count by the secretary of state to determine the result.

The count now stands:
Julian, 61,091; O'Neil, 61,110.

The race between E. M. Fullington and Joseph T. Tracy for the Republican nomination for state auditor also has settled down to a contest that may require the complete official returns to decide.

Fullington's lead of 1,665 early this morning was wiped out by noon and Tracy assumed the lead by 150. Due to the heavy vote cast for him in Scioto county, his home, which had not previously been tabulated.

The vote in 5333 precincts was: Fullington, 96,385; Tracy, 96,535; Stillwell, 76,161.

Returns received this morning make no material change in the other contests. State Senator Howell Wright was still leading Earl D. Bloom for the Democratic nomination for lieutenant governor with a vote of 28,900 to 26,024 in 5,231 precincts.

Returns received by the secretary of state show a close race between Frank W. Geiger, of Springfield, and C. T. Marshall, of Zanesville, for the Republican nomination for chief justice of the supreme court. Complete, though unofficial, returns from 56 counties were: Geiger, 60,710; Marshall, 61,075.

The same 54 counties reporting to the secretary of state gave the following vote for Republican state auditor: Fullington, 78,977; Tracy, 78,907; Stillwell, 62,828.

Only only approximately 300 precincts still missing, former Mayor Harry L. Davis, of Cleveland, continued to maintain a lead of 17,000 votes over former Congressman Ralph D. Cole, of Findlay, for the Republican nomination for governor. Congressmen Roscoe C. McCulloch, of Canton, ran a poor third. The returns from 5,712 precincts gave: Davis, 137,493; Cole, 120,337; McCulloch, 68,534; and Wood, 15,187.

Former Governor Frank B. Willis had a lead of 50,000 votes of Walter F. Brown, for the Republican nomination for United States senator on returns from 5,777 precincts. The vote stood: Willis, 143,124; Brown, 92,321; Wainman, 12,457; Walcutt, 6,475; Walser, 6,470.

Overnight returns indicated little change in the other state ticket races. Lieutenant Governor Clarence J. Brown had the biggest plurality on either ticket for any office. He was 54,600 votes ahead of Carl K. Kimball for the Republican nomination for lieutenant governor. Returns from 5,210 precincts gave: Brown, 153,621; Kimball, 97,210; Horst, 45,996.

Harvey C. Smith, of Zanesville, secretary of state, had a big lead for re-nomination on the Republican ticket. Returns from 5,331 precincts gave: Harvey C. Smith, 130,254; Harry Smith (brother), 61,742; and C. Q. Hill, of Wilmington, 53,208. On the Democratic ticket, William D. Fulton of Newark, was leading for secretary of state on returns from 4,588 precincts. The vote was: Fulton, 37,449; Bell, 23,202; Hooper, 31,937; and Wine-

CINCINNATI, O., August 12.—Four men were arrested, seven automobiles held by the police and \$14,000 worth of merchandise was recovered as the result of a sensational automobile chase in the exclusive Avondale district last night.

An automobile, driven at high speed into a dead end street, excited the suspicion of a private policeman, who summoned the police. An automobile was commandeered and gave chase. Overriding the abandoned car, filled with merchandise, a colored man was pressed into service as guard, and a search began. In the meantime another automobile carrying four men approached the guarded car. The guard summoned the officers, and with the negro driving, they took the abandoned car and went in pursuit, capturing the four men. The men confessed to loading freight cars and were charged with grand larceny. At the home of one of the quartet five automobiles, all laden with fabrics, were taken in charge by the police.

Preparations were being made today for the joint hearing tonight on the suffrage resolution. The opposing factions also continued feverish attempts to recruit the support of senators and representatives who had not yet definitely announced their stand on the question.

Kidnapper Removed From Cell

PHILADELPHIA, Aug. 12.—An air of mystery surrounded the removal from his cell last night of August Pasquale, held in connection with the kidnapping of Hiram Goldstein. Authorities declined to discuss the matter and reports that he had been taken to Norristown to be arraigned on charges of kidnapping and blackmail could not be confirmed. Neither could a rumor that he was taken to Harrisburg. Local officials early today even refused to confirm or deny a report that he had been taken to Norristown, but that he had been locked up at central police station.

After being brought back last night from Egg Harbor, N. J., where he was identified by Mrs. Harry Foster as the man she saw conversing with a woman, who carried a small child, at the railroad station there a few hours before his capture on August 2, Pasquale was taken from his cell shortly before midnight by state police, who drove away in an automobile. First reports were that they were taking the prisoner to Norristown, but Norristown authorities denied he was there.

Since his alleged confession several days ago of being the writer of the letters signed "Al Capone," supposed clues to the whereabouts of the missing baby, furnished by Pasquale, have kept the authorities on the jump, but none of them apparently has led to anything definite.

Kirby Loses Fight For Renomination

LITTLE ROCK, ARK., August 12.—United States Senator William F. Kirby, apparently was defeated for renomination by Representative Thaddeus H. Caraway in Tuesday's state-wide Democratic primary, unofficial returns from more than two-thirds of the state showed today.

Senator Kirby, characterized by President Wilson as one of the "willful" senators, was attacked by his opponent during the campaign for his opposition to the national administration in the early stages of the war.

Former Congressman Thomas C. McElrath had piled up a big lead over his chief opponents for the gubernatorial nomination on the face of returns and seemingly had won the place.

BOSTON, August 12.—Charles Ponzi today surrendered to the United States marshal and a warrant for his arrest is being prepared.

District Attorney Gallagher said that Ponzi had surrendered because he felt himself unable to carry out promises he had made for the redemption of his notes tomorrow.

BOSTON, August 12.—Charles Ponzi was arrested today by the federal authorities, charged with using the mails to defraud.

BOSTON, August 12.—Bank Commissioner Allen announced this afternoon that the capital of the Hanover Trust Company probably had been completely wiped out. The bank was closed by the commissioner yesterday. Charles Ponzi had been a director up to yesterday.

Attorney General Allen said that Ponzi's liabilities will run into the millions.

Ponzi issued the following statement after his arrest:

"I had an agreement with the district attorney to go tomorrow and meet my liabilities with cash. With the closing of the Hanover Trust Company and with other funds, tied up, I find myself unable to do so. I felt it my duty to tell him and ask him to detain me."

BOSTON, August 12.—Federal Auditor Edwin L. Fride stated today that Ponzi's liabilities were upward of \$7,000,000. Ponzi claimed assets of \$3,000,000.

BOSTON, August 12.—Charles Ponzi, financial career today to rest and recover from the nervous strain caused by events of the last few days. The man whose "50 percent in 45 days" investment proposition has been under investigation by federal and state officials, and whose principal known depredations, the Hanover Trust Company was closed yesterday by Bank Commissioner Joseph C. Allen, retired to his home at Lexington and denied himself to callers.

"My nerves can't last forever," Ponzi said. "I've got to rest. I am not going to give out any more statements for a while. I am going to keep away from people—not go down town."

Guardians were posted around Ponzi's home to insure that people kept away from him. Investigating officials forecast further developments today to follow the disclosures made yesterday when Ponzi admitted in a statement that he had served terms of imprisonment in Montreal and Atlanta some years ago. It was while Ponzi was dictating this statement the Hanover Trust Company, in which he was a director and share holder, and through which he had done a large checking business, was closed.

Bank Commissioner Allen said his action was due to findings by his examiners that the bank had made loans which "were excessive and beyond the legal limit," and many loans that "are either bad or of doubtful value."

Cox To Carry Taxation Problem To Business Men Of The Country

BY DAVID LAWRENCE
(Copyright by Times Publishing Co.)
COLUMBUS, O., Aug. 12.—Governor Cox, having made a complete exposition of his views on the League of Nations, plans for the immediate future to discuss taxation and other issues that interest the business men of the country.

The governor is satisfied both from Republican and Democratic press comment that the nation understands clearly that he favors going in the League of Nations with reservations that safeguard American rights and make it impossible for the United States to be summoned to war against the wish of her people.

Mr. Cox will revert to the League of Nations issue on his western trip, which will begin in about three weeks but in the industrial and business communities of the east where the paramount thought is about labor and business, he intends to give specifications as to his own course in the event that he should be elected president.

When he goes to Wheeling, West Virginia, on Saturday of this week he will take occasion to discuss in detail his attitude toward labor, the general principles of which he outlined in his speech of acceptance last week. But the main theme of his speech next week will be the relation of Government to business.

Taxation interests Cox. The subject of taxation interests the governor more than any other of our domestic questions for he believes it a fundamental cause of the economic upheaval both in the cost of commodities and the cost of credits.

The governor has been engaged in large business operations and some of his intimate friends and supporters are the biggest of the Ohio business men. Indeed one of the evidences of Cox strength in Ohio, which had so much to do with his election three times as governor was a diplomatic attitude in handling industrial disputes.

Hard Cider Allowed For Home Consumption

COLUMBUS, OHIO, August 12.—"Hard" cider and others of the "more advanced" fruit juices, although containing more than one-half of 1 percent of alcohol, may be manufactured for exclusive use in the home of the maker, providing artificial means are not added to stimulate the desire of "drinking."

This ruling, admittedly a slight recession in the rigidity of prohibition enforcement, was made public yesterday by J. A. Shearer, state prohibition commissioner. The interpretation of the Volstead act under which the ruling was offered was made by the national prohibition commissioner.

The text of the interpretation received by Shearer follows:

Any person may, without permit and without giving bond, manufacture non-intoxicating cider and fruit juices, and, in so doing, he may take apples or fruits to a custom mill and have them made into cider and fruit juices. After such non-intoxicating cider and fruit juices are made they may be used exclusively in the home, and, when so used, the phrase "non-intoxicating" means non-intoxicating in fact and not necessarily less than one-half of 1 percent of alcohol.

Those unfortunate enough not to have apples or fruit, the juices of which naturally ferment to the required "hardness," cannot purchase such liquors from those who are more lucky, unless the "non-intoxicating" beverages actually contain less than one and one-half percent of alcohol.

"But," says the order, "the purchases thereof cannot be used or possess the same after they contain more than one-half of 1 percent of alcohol."

BEATS GASOLINE AT 15 CENTS A GALLON

New Invention Makes Ford Run 31 Miles on Gallon of Gasoline, Other Cars Show Proportionate Savings.

A new carburetor which cuts down the gasoline consumption of any motor, including the Ford, and reduces gasoline bill from one third to one half is the proud achievement of the Air Purifier Carburetor Co., 335 Madison St., Dayton, Ohio. This remarkable invention not only increases the power of all motors from 20 to 50 per cent, but enables everyone to run slow on high gear. With it you can use the very cheapest grade of gasoline or half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get as high as 45 or 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on 30 day's trial to every car owner. As it can be put on or taken off in a few minutes by anyone, all readers who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents to whom they offer exceptionally large profits. Write them today.

WHERE THE ORIGINAL FRONT PORCH CAMPAIGN WAS CONDUCTED IN 1896

William McKinley's home at Canton, Ohio.

The decision of Senator Harding to conduct his campaign for the presidency from his front porch recalls to the minds of old-timers the campaign of William McKinley for the presidency twenty-four years ago. While Bryan, McKinley's rival, toured the country, the Republican nominee did all his speaking from his front porch. During the campaign he addressed in this manner tens of thousands of visitors, who journeyed to Canton from every state in the union.

Results In Jackson Co.

JACKSON, Aug. 12.—Thirty-three out of thirty-four precincts in Jackson County gave Cole 740, Davis 1215 and McCulloch 133 for Republican nomination for governor. Wood polled a very light vote. In the same number of precincts, Frank B. Willis received 1006 votes, Walter F. Brown 622, Wamsnaker 311, for United States senator. No figures for the county have been received in the race for lieutenant governor on the Republican ticket although apparently Brown is leading.

On the Democratic state ticket, no figures have been obtained as there was only one local contest and no headquarters were maintained. However, the indications are that Joseph McChes has carried his home county (elected in fire and carried in ten. It is the race for Attorney General by a

large majority and that Julian carried for U. S. Senator. Republicans maintained headquarters all night and by early morning all but one precinct had been received. The victories in county races on the Republican ticket are as follows:

Representative, Dan Albion; Common Pleas Judge, Benner Jones; Sheriff, W. G. Davis. Probate Judge, Reed M. Powell; Recorder, A. R. Sheward; Commissioners, William Kuhn, Ernest Lewis, William Gatties.

In the Democratic primaries for sheriff, C. W. Jacobs, chief of police in Jackson, defeated T. G. Stevenson. The three mill levy was an important issue in the primaries. Voted upon in fifteen school districts. It was defeated in five and carried in ten. It was in all incorporated places.

MY TIRED FEET ACHED FOR "TIZ"

Let Your Sore, Swollen, Aching Feet Spread Out in a Bath of "TIZ"

Just take your shoes off and then put those weary, shoe-crushed, aching, burning, corn-plagued, blister-tortured feet of yours in a "TIZ" bath. Your feet will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—all tired out—first try "TIZ" first—grand—its glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "TIZ" for the only remedy that draws out all the poisonous excretions which puff up your feet and cause foot torture.

Get a box of "TIZ" at any drug or department store—look for it. And don't forget to get it for your feet. Your feet will thank you for it.

PESKY BED BUGS

Perhaps lay an average of seven eggs per day. Under favorable conditions they hatch in five days of which two-thirds are females. They mature to adult size and are capable of laying in four weeks. They may not bite you but they will leave you with a fever or even worse if you do not get rid of them.

To rid the pesky bed bugs, you can readily see how necessary it is to use a preparation that will kill the eggs as well as the live ones. P. D. Q. has been demonstrated by the leading chemists, Hotels and National Commission that the safest and most economical way to keep future generations of bed bugs, cockroaches, fleas and mice is to use the discovery Pesky Bed Bugs.

The city waterworks plant had to shut down Wednesday afternoon on account of running out of coal.

After trying in vain for several days to have coal shipped in, the Fire and Water Committee of the Chamber of Commerce took a hand to see if coal could not be supplied until gas is installed.

Chairman Mark W. Selby of this committee and Manager J. B. Wiles of the C. O. C. spent the greater part of Wednesday afternoon searching for coal and finally succeeded in getting an adequate supply from the Portsmouth Seelye Coke Company and the Whitaker-Glossner Company. The coal secured will be sufficient to run the water works until Saturday or Monday, by which time gas will be installed under the big boilers.

The fire was kept supplied with water Wednesday afternoon by the big reservoir.

A WONDERFUL HELP

At Two Stages of Life Lydia E. Pinkham's Vegetable Compound Made Mrs. Fairbank Strong And Well.

Chattanooga, Tenn.—"I used Lydia E. Pinkham's Vegetable Compound before my baby came when I could no longer keep up. It strengthened my back and relieved me of the dropsical effect which had often developed at such times. It helped wonderfully. That was my first experience with the Vegetable Compound. Years afterwards I took it during the change of life and got along so well I scarcely ever had to lie down during the day and seldom had dizzy fainting spells. I am now well and strong, can do all my housework with perfect ease and it is a comfort to me to be able to pay to other suffering women. Take Lydia E. Pinkham's medicine and be strong." I will be glad to have you use my name if it will be the means of helping any one.

Mrs. R. A. FAIRBANK, 606 Orchard Knob Avenue, Chattanooga, Tenn.

For forty years this famous root and herb medicine has been preeminently successful in controlling the diseases of women. Merit alone could have stood this test of time.

LUCKY STRIKE

"IT'S TOASTED"

LUCKY STRIKE cigarette—it's toasted. Lucky Strike tobacco—it's toasted. Both are toasted. You cannot get the remarkable and unusual flavor of toasted Burley tobacco in any other brand.

How is it that this toasting process preserves so successfully the original Burley flavor? Because it's sealed in.

Take the case of the bee and the honey. The bees have the right idea. To lock in that fragrant and delightful flavor of clover honey they put a thin coating of wax over the whole honey-comb.

You know yourself that honey can stand unbroken on a shelf for months or years, and be just as good when it's used.

And that's what happens with the Burley tobacco used in making Lucky Strike.

In each Burley leaf there are little pores like a sponge. In the heat of toasting these pores are sealed. The Burley flavor is there, inside.

When you light your Lucky Strike cigarette or your pipe full of Lucky Strike tobacco the heat releases the Burley flavor for your benefit.

Says Johnson Men Will Control Central Committee

According to this morning's Iron Mountain the Johnson men will control the county organization in Lawrence county. The Iron Mountain Thursday

In the contests for members of the Republican county central committee at Tuesday's primaries, which were very spirited, the Johnson faction gained control of the county organization. They are considered a majority of one man by the other faction but are claiming that the majority will be more decisive in practically every instance the majorities were very close but in at least two precincts where the Johnson men were not opposed on the ticket, the political race of working a gum shoe campaign and having a name written on the ticket was successfully worked by the anti-Johnson men.

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisilf coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather comes out easily and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, lustrous and easy to manage.

You can get Multisilf coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Horse And Buggy And Auto Collide

Wrenn, 323 Grace street, was ordered to appear in court today to answer to a charge of violating local traffic rules by placing a rear light on his buggy.

which occurred last night when a horse and buggy, owned by L. W. Shonkwiler, 1223 Oak street, New Boston, collided with Wrenn's buggy machine, which was standing on Gallia street just west of Kendall avenue.

Shonkwiler was driving east on Gallia street when the front right wheel of the buggy collided with the rear left fender of the machine, bending the fender and making a deep dent in the body of the car, while the wheel of the buggy was smashed. The horse was not injured.

Wrenn told the police that Shonkwiler was driving his horse as fast as it would go, while Shonkwiler alleges that Wrenn had no rear light on his car.

Girls! Don't Neglect Your Hair

Beautiful hair is every woman's birthright and her most potent charm. It is the duty of everyone not only to preserve the natural beauty of the hair, but to improve it. You cannot afford to neglect it. Just a little care will work wonders.

If your hair is scanty, wispy, brittle, dry, losing its natural color and luster, and powdered with dandruff, it needs immediate attention. Don't wait, but begin now--tonight--to help it regain its life and beauty.

Any good druggist can supply you with Parolan hair liquid formula, which is guaranteed to keep away all dandruff, check falling hair, promote a new growth and beautify it, or money refunded.

Parolan hair is perfectly harmless and will not change the natural color of the hair.

If you want a fresh, clean scalp and a wealth of lustrous, live-looking hair that's easy to arrange attractively, try this simple home treatment.

Worster Bros. will supply you and guarantee money refunded if not satisfied.

Derivation of "Major."
Major, like mayor, is from the Latin word major, greater, the comparative of magnus, great. The French for the same adjective is majeur, the Italian maggiore; mayor, by the way, is the Spanish form. A major is "greater" than a captain, but less than a lieutenant colonel. He is the lowest field officer.

Crowd Them Out.
If we wish to overcome evil at all, we must overcome it with good; there is no other way. Even in our own hearts, the easiest way to cast out wrong and unkind thoughts is by so crowding them out with generous purposes and pleasant memories that there is no room for them.

Three Fingers Amputated

Squire John W. Byron has returned from Akron with his son Harold who recently suffered serious injuries to his hand. Three fingers on one hand were badly mangled and had to be taken off.

Eat Arsenic With Impunity.

In some parts of Austria, and especially in the hilly country toward Hungary, there exists the extraordinary custom of eating arsenic, one of the most deadly poisons. There, however, the peasants are so accustomed to its use that they are able to take huge quantities without harm, and they assert that the remarkable beauty of their women folk is entirely due to constant dosing with arsenic.

MAKE ATTENDANCE RECORD AT LUCASVILLE FAIR

Close to 500 people were on board the special train that left the N. & W. station at one o'clock for the Lucasville County Fair. Besides this crowd hundreds made the trip to the grounds by automobile and Soloto Trail was used with machines making the trip on the paved road.

Today was "Portsmouth Day" and according to Fair officials Thursday afternoon the crowd broke all records and at three o'clock the attendance was estimated over the 10,000 mark. The rain having little effect on the attendance.

Many places of business were closed to allow their employees to attend the big fair. Banks closed especially for the afternoon to allow employees a half holiday, many having requested a half holiday in order to attend the fair.

The "biggest and best fair in years" is the way everyone is speaking of the show this year. The various display rooms are filled to overflowing and the machinery hall is so crowded that several displays have been put under tents.

Art hall is filled with exhibits. The farm display is much bigger than usual and the stock exhibits are by far the biggest in years.

The races Wednesday afternoon were exciting. The races for the afternoon card being a 2:30 trot and 2:50 pace with the county race closing the program.

Dr. Lake of this city is starter. Ale Miller, John Shannon and Howard Harlow are the judges.

The 2:30 trot was won by Little Jerry owned by Fred Hatfield of Ironton, West Virginia owned by Fred Weaver, Ironton, was second, Borkshire Red, owned by Walter Haynes, Chillicothe, third and Peter Maun, owned by Fisher of Chillicothe, fourth.

Brown Joe, owned by Fred Weaver, was first in the 2:50 pace. Elmer Hatfield's Rally, Commodore, was second, Fred Hatfield's Fred R., third and Pitzer's A. R. Dean fourth.

In the county race (trot) Stackhouse owned by Frank Belt of Portsmouth took first place. Gypsy Elder, owned

Pay-Up Check On Its Way

Owing to the storm closing Thursday noon, the big Dollar Check only got in a half-day's work today, although the number of endorsements on the back shows that it was surely on the jump. The indications so far are that this will prove to be the most successful PAY-UP-WEEK ever held by the local business men.

Physicians, dentists and other professional men are also joining in the movement and are urging their patrons to make a special effort to clean up outstanding accounts.

The big Dollar Check was started out again Thursday morning by Miss Anna East, who took it to Harding Bros., where she used it in part-payment of an account. Figuratively speaking, the check is being used for everything "from soup to nuts." A. D. Troel, of The Western and Southern Insurance Company received it Thursday on an insurance premium. Horro Bros. took it in for a sack of cement and later in the day The Western Union Telegraph Company had received it for telegraph service.

PAY-UP-WEEK is put on at this time in order that people who owe over due accounts may have an opportunity to pay these bills before the business men issue their new credit rating guide. The credit rating guide as published by the local merchants each year, contains more names than the city directory and includes the entire county, as well as nearly Kentucky residents who trade in Portsmouth.

All business men participating in the PAY-UP-WEEK movement are obligated to turn over their ledger accounts for inspection on or after August 20th, to the credit rating committee. By extending the date a few days, every one will be given an opportunity to pay their old accounts and be sure of a prompt pay rating.

WILLIAM FOX presents
WILLIAM FARNUM
in Jane Grey's triumphant novel
The LAST of the DUANES

A. O. HUNTER of Cincinnati who says Tangle has certainly proven his worth in both his own and his wife's case. He wasn't able to work when he began taking it.

Wm. Farnum in a Big Spectacle at the Lincoln Theatre

The big feature at the Lincoln tonight is a William Farnum special entitled "The Last of the Duanes." This great picture play is classed as one of the best in Glimco and Manager McCannell had to pay a big price to book it for Lincoln patrons. "The Last of the Duanes" is a wonderful story, and with such a splendid character as William Farnum in the star role, the theatre will no doubt be packed with friends of Farnum and those who like to see good pictures. Also a Mutt and Jeff comedy. Don't miss this show, rain or shine.

When I first started on Tangle I was working for the Goodfear Rubber Co. in Akron, Ohio. I decided that anything that was being talked about so much was at least worth an honest trial. It worked like a charm in my case. It helped me right from the start and by the time I had taken my third bottle all of my troubles were gone and I found myself well and strong again.

"While in Akron my wife got so she couldn't eat. She lost weight and got very pale. Tangle was doing me so much good I got her to try it and after taking two bottles she is looking fine again. Her appetite is just splendid and she looks like a different person. It certainly has proven its worth in both of us and has come up to every word I have read and heard about it."

The above statement was made by A. O. Hunter, 106 W. 7th St., Cincinnati, Ohio, a well known mechanic now in the employ of the Cincinnati Abattoir Co.

Tangle is sold in Portsmouth by the Fisher & Stetson Pharmacy and the leading druggists in every town.

Oliver Garwood's "The Courage of Marge O'Donohue" It is a big picture put on in a big manner. An all-time cast headed by Pauline Starke and Niles Welch.

It begins in a transcontinental train snatched on the edge of the arctic scene that already summons a thrill. David Raine, a young man who has "lost himself," is running away from the misery and tragedy of a shattered romance.

Then comes a thrill on thrill, adventure, toppling on adventure in that red white arena of the frozen north. It breaks the hearts and snags of men. It is a smashing story of surprise and suspense, of primitive men, beautiful and courageous women.

Don't forget two shows only tonight the first at 8:00 and the last at 10:00. Doors open at 7:30 p. m. Come early.

JULIAN TRAILING O'NEIL FULLINGTON LEADS TRACY

COLUMBUS, O., Aug. 12.—Returns from Tuesday's primary election showed a nip and tuck race for the Democratic nomination for United States senator. Complete returns from 5,300 of the 6,000 precincts in the state gave a lead of 532 votes to Judge A. F. O'Neill of Akron over W. A. Julian of Cincinnati. The vote was: O'Neill 53,251, Julian 52,719.

Politics declared that unless the winning 769 precincts show surprises, an official count may be necessary to decide the contest. Another very close fight was that for the Republican ticket for state auditor. E. M. Fullington was leading Joseph L. Tracy by only 1,085 votes. Early returns gave Tracy a substantial lead. The vote from 545 precincts showed: Fullington 33,402; Tracy 32,317 and 34,000.

With only approximately 200 precincts still missing, former Mayor Harry L. Davis of Cleveland, continuing to maintain a lead of 17,000 votes over former Congressman Ralph D. Bailey for the Republican nomination for governor. Congressmen Joseph C. McCulloch of Canton and a poor third, he returns from 542 precincts gave: Davis 137,433; Bailey 120,337; McCulloch 65,834 and 66,145.

Former Governor Frank B. Willis had a lead of 50,000 votes of Willis for the Republican nomination for United States senator on returns from 557 precincts. The vote showed: Willis 143,124; Brown 92,321; McManister 52,437; Walcott 14,757.

Counting returns indicated little change in the other state ticket races. Lieutenant Governor Clarence J. Brown and the biggest plurality on either ticket for any office. He was 5,000 votes ahead of Carl R. Kimball for the Republican nomination for lieutenant governor. Returns from 542 precincts gave: Brown 143,621; Kimball 127,210 and Harst 45,966.

On the Democratic ticket, State Senator Howell Wright of Cleveland was still leading Earl D. Bloom of Ohio Green for the nomination for lieutenant governor. Returns from 542 precincts gave Wright 55,183 and

Bloom 55,665. Harvey C. Smith of Zanesville, secretary of state, had a big lead for re-election on the Republican ticket. Returns from 531 precincts gave: Smith 53,742 and C. Q. Hildebrand of Wilmington 33,298. On the Democratic ticket, William D. Fulton of Newark was leading for secretary of state on returns from 4885 precincts. The vote was: Fulton 37,419; Bell 25,204; Hower 30,637 and Winchester 25,584.

Rudolph W. Archer was leading Harry S. Day by 7,000 votes for the Republican nomination for state treasurer on returns to the secretary of state from 3288 precincts. The vote was Archer 27,435; Day 20,000. Former Attorney General Joseph McElroy was leading David C. Parker for the Democratic nomination for attorney general on returns received from the secretary of state from 2784 precincts. The vote was: McElroy 25,643; Parker, 22,017.

Colonel Deacon W. Hough of Delaware appeared to be an easy winner over C. Homer Durand, Cuyahoga attorney, for the Republican nomination for judge of the supreme court, short term. Frank W. Geiger of Springfield was leading C. T. Marshall of Zanesville for the Republican nomination for chief justice of the supreme court. Returns received by the secretary of state from 3285 precincts gave: Geiger 57,373 and Marshall 34,808.

In the Democratic race for state auditor, Daniel E. Butler of Toledo had a lead of 6,945 votes over his nearest competitor, on returns from 4900 precincts. The vote was: Butler 45,590; Harper 38,551 and Becking 27,930.

Ponzi Halts To Rest And Recover From Strain In Sensational Career

BOSTON, August 12.—Charles Ponzi halted in the midst of his sensational financial career today to rest and recover from the nervous strain caused by events of the last few days. The man whose "50 percent in 45 days" investment proposition has been under investigation by federal and state officials, and whose principal known depositors, the Hanover Trust Company was closed yesterday by Bank Commissioner Joseph C. Allen, retired to his home at Lexington and denied himself to callers.

"My nerves can't last forever," Ponzi said. "I've got to rest. I am not going to give out any more statements for a while. I am going to keep away from people—not go down town." Guards were posted around Ponzi's home to insure that people kept away from his home. Investigating officials forecast further developments today to follow the disclosures made yesterday when Ponzi admitted in a statement that he had served terms of imprisonment in Montreal and Atlanta some years ago. It was while Ponzi was dictating this statement the Hanover Trust Company, in which he was a director and share holder, and through which he had done a large checking business, was closed.

Bank Commissioner Allen said his action was due to findings by his examiners that the bank had made loans which "were excessive and beyond the legal limit," and many loans that "were either bad or of doubtful value."

He expressed fear that the bank's capital had been impaired. Ponzi resigned from the bank's directorate immediately after the institution was closed. He continued to assert that he was solvent and that he could pay all notes outstanding against him and the Securities Exchange Company through which he claimed to have transacted his operations in international reply coupons.

OPENING STOCKS

NEW YORK, Aug. 12.—Stocks were under pressure at the opening of the stock market today because of the less satisfactory foreign news. Offerings were not large, but quite a number of important shares registered losses at a point or thereabouts during the first half hour.

United States Steel, Bethlehem, Crucible, Vanadium, Baldwin, Pullman, American International, Canadian Pacific and Southern Railway and Southern Railway fell 1 to 1 1/2 and Mexican Petroleum 3 1/2. Some of the less active shares were higher including Famous Players, Pierce-Arrow, Hemingway typewriter, American Sugar, Atlantic Gulf and Replogle steel.

Troops Are Withdrawn

WEST FRANKFORT, ILL., August 12.—Withdrawal of the last of the 700 Illinois militiamen sent here following the anti-Italian disorders last week, was completed today.

The Law and Order League, formed of citizens is now able to keep order here. Mayor Fox, president of the organization said. With the departure of troops many foreigners left this city notwithstanding assurances from the civil authorities that protection would be afforded them in event of trouble after the troops are gone.

KIDNAPPER IS REMOVED FROM CELL

PHILADELPHIA, Aug. 12.—An air of mystery surrounded the removal from his cell late last night of August Pasquale, held in connection with the kidnapping of William Randolph Hearst. Pasquale, who was appointed by United States Attorney Gallagher is expected to be completed by tomorrow.

After being brought back last night from Egg Harbor, N. J., where he was identified by Mrs. Harry Foster as the woman who carried a small child, at the railroad station there a few days before his capture on August 2. Pasquale was taken from his cell shortly before midnight by state policemen, who drove away in an automobile. First reports were that they were taking the prisoner to Norristown, but Norristown authorities denied he was there.

Since his alleged confession several days ago of being the writer of the letters signed "The Grank," supposed clues as to the whereabouts of the missing baby, furnished by Pasquale, have kept the authorities on the jump, but none of them apparently has led to anything definite.

FRANCE RECOGNIZES WRANGLER

LONDON, August 12.—(By the Associated Press)—Great Britain has been officially notified of the recognition by France of the government of General Baron Wrangel as the de facto government of South Russia and the question is being discussed between the two governments.

Something akin to consideration is given by the evening newspapers over the French action which is characterized as contrary to British ideas and a menace to entente relations.

Meanwhile King George, who was to leave for Scotland tomorrow, has postponed his trip, owing to the situation.

McGraw To Tell About His Fight

NEW YORK, Aug. 12.—John J. McGraw, manager of the New York Giants, was summoned to appear before District Attorney Edward Swann today to tell his version of incidents at the Lamb Club last Sunday morning, which later resulted in serious injuries to John G. Shavin, the actor. Billie McGraw had declined to enlighten officials concerning the embroglio at the club, where he is reported to have had a fist fight with a fellow member.

Although Mr. Shavin, who was found unconscious in front of McGraw's apartment Sunday morning, was said to be out of danger, his physician said the patient had not sufficiently recovered to be questioned.

August 13—N. & W. vs. Steel Plant.
August 14—Solway vs. Drews.
August 15—N. & W. vs. Solway.

Before a rather much abbreviated audience, but one that responded to their impulse in a manner that denoted they were 33rd degree fans, the N. & W. team of the Industrial League defeated a revamped, re-assembled, and rejuvenated Irving Drews aggregation at the Fourteenth street lot last evening by the score of 3 to 2.

When it was time to play the Irving Drews had assembled but three regular players and even the manager was absent. It looked as though the Railroaders would be handed the game via the forfeit route, but they did not want the game that way if there was a chance to stage a contest. Scott Mowery sent out a hurried call among the spectators and after a little scurrying around had a club that looked mighty good on paper and performed very creditably on the field of action. In fact, the game was one of the most exciting of the season and it required almost superhuman pitching on the part of Mr. Tavener to hold the position.

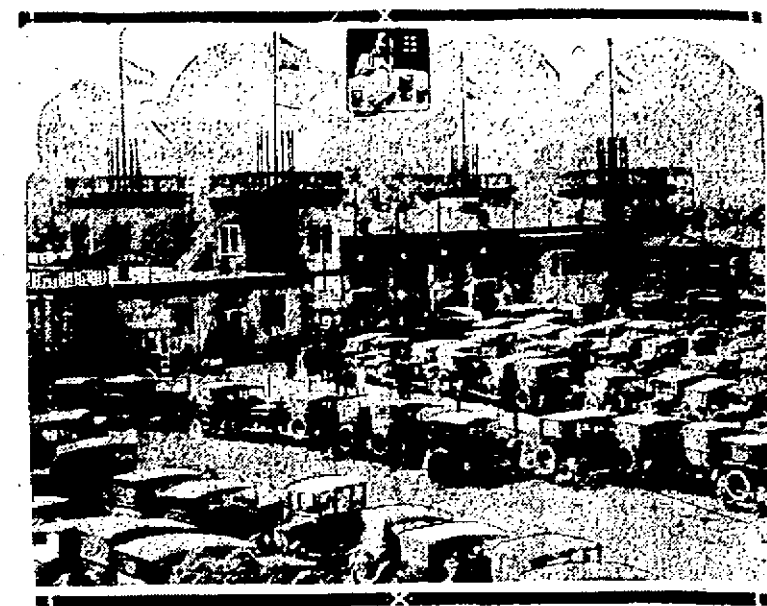

up team in town. He allowed but three hits, two of which were scored by "Shorty" Schultz, who was thrown into the breach at short for the Drews and who delivered a wallop good for the circuit, and which will doubtless repay him for having his working clothes laundered and his shoes shined. Acting Manager Mowery was the other player to get a hit off Tavener, who was in rare form and who established a season's record by striking out an even dozen men. His work was high class in every particular, outside of the first inning, when he walked two men which was directly responsible for the run the Drews made in this frame.

Harold Jacobs made his debut as an Industrial League pitcher last evening when he took for the Drews. He is on the pay roll of the local cardinals, and while he does not seem to have much speed, he knows what he is out there for and pitched a very clever game. He allowed but six hits and never more than two per inning. Had he been given a little closer support and the breaks of the game not gone against him, he would probably have won his initial game. He looks to be quite a pitcher but from a betting standpoint, he will not be in the Babe Ruth class for some little time yet. He took three hard swings at Tavener's offerings, and did not connect once. But so far as that is concerned, but one of the Drews failed to fan, such a noted slugger as Mr. Schultz falling before the elusive offerings of Mr. Tavener for the third out of the game.

The Drews scored a run right off the reel. Mowery walked for a starter and took third on Schultz's sacrifice, all because third was left unguarded. Mowery scored on Lofelke's out at short. In the third, after two men were out, Schultz got both of one of Mr. Tavener's fast ones and drove it far to right field. The ball was a terrific line, and "Shorty" could have walked around had he known the ball would have been lost in the forest of weeds.

The Railroaders made a run in the second. Vaughners walked and J. Keyser's bat went for a hit when Cunningham fielded it like a crane in Sunday's paper. Russell's sacrifice advanced the runners. On Goodie's single to middle, Vaughners scored, but Keyser was slain on Schultz's great throw to the pun. Tavener died to throw. In the third Hicks tied it up with a triple to left and scored on a wild pitch. The Railroaders won the game in the fourth. J. Keyser singled to right, Russell fanned, Goodie de-

ONE REASON WHY LOWER CALIFORNIA GOVERNOR HATES TO QUIT

Casino at Tia Juana, Mexico, with American cars parked about it.

It is said the main reason why Governor Cantu of Lower California is determined to fight the Mexican federal government rather than relinquish his office is that he is enjoying an immense revenue from American gamblers who are not allowed to operate on this side of the border. Tia Juana, which is in Lower California not far from San Diego, is a wide open town. Here American who love to gamble go by thousands. The picture was taken when there was a normal crowd at the Tia Juana Casino.

RUTH DISLOCATES KNEE

CLEVELAND, Aug. 12.—New York made it two straight from Cleveland Wednesday by winning 7 to 1 in ten innings. Cleveland scored its four on a home run by Smith with the bases full in the third. Bagby weakened a little in the fifth and sixth and a misjudged fly by Wambersley let New York tie the score.

Myer's hitting was a factor as he drove in one run in the fifth with a grand slam and had to be carried off the field. Double and started the winning rally in the tenth with another two-base hit. Ruth dislocated his right knee in the first inning sliding into second base.

That boy Eddie Roush is walking on four supernumerary calves in them the dog show days. He is putting up the best article of ball in his career. He is acing up in the outfield and no his kicking in the Boston series has been wonderful. He has made three.

Never in the history of baseball has the race in the two leagues been so close as this year. Either one of the first three teams in either league has a good chance to top the mounting. Each contender is well fortified and some sizzling battles will be staged during dog days and those to follow.

Yanks Near Indians
Again the Yanks threw the bar-gaine and these three clubs are plying into Cleveland Wednesday and these teams are pretty close in the American League standing. The White Sox won their daily the Forest City.

REDS NOT "POPULAR CHAMPIONS"

BOSTON, August 12.—The Red Sox are not "popular champions." They never were, and neither was any other ball club that ever won a pennant. "Popular champions" are not a thing of the past. They are a thing of the future.

There are no such animals, and there never will be. All baseball champions become automatically unpopular the very instant of their coronation. The only popular clubs are those which are waiting for the day when they are on their way up they will be cheered and fêted by the fans in every city where the home team no longer has a chance—but when they are on top, that's all over. They change immediately from idols to despots.

The fans want frequent changes. They don't want to see any one club monopolizing the pennant. They want to see the champions beaten, and therefore the club that was cheered that season is jeered this summer. It is only a fair game, but the nature of the game is to see who can win the pennant, the story and the big extra money, time after time. That's why the fans who cheered the Red Sox are cheering them today. And you think that because everybody is cheering them that they are popular. They are not. They are only a thing of the past.

MUST BALANCE UP

An episode, occurring within the past four or five days, shows how the sense of fairness has been perverted in this country by this infernal and eternal chatter about high prices.

A group of men were standing on the street and one of them just told how he had made fifteen dollars, the night before, on overtime work, when a new thought seemed to strike him and entirely forgetting what he had said he exclaimed: "What do you think I was over there on the market to buy some green corn and a farmer wanted to charge me 60 cents a dozen for it, think of it, 60 cents an ear, a damned outrage."

Supposing we stop to figure on this awhile. One citizen gets \$15 for three hours work, another asks five cents for an ear of corn. Evidently to get \$15 for it he would have to sell 300 ears. Can he do that in three hours? He can not. Supposing he could, though, would he receive anything like the first, as represented by his earnings? He would not. His price for the corn isn't all pure velvet. First there is his land, may be worth \$150 an acre, then the fertilizer, taxes, horses and their food, truck and gasoline to get to market and back, and the seasons when his crop is a failure. Finally he doesn't get five cents for the ear for his crop—he'd be right glad and fortunate if he got a cent. While if he could get \$5 for the overtime he works he'd be happy to give away all the corn he raises.

The laborer is worthy of his hire. Most farmers take the greater part of their in just being worthy. Right now they are, as a rule, doing better, a whole lot better, but they shouldn't be begrudged their share of prosperity, it has been a long time coming to them.

Oh, yes, the farmer grumbles and kicks too, that seems to be an inherent attachment of his avocation, but he ought not to begrudge the other fellow either.

Matters have to go hand in hand. The prosperity of the whole people is the thing that counts, that of the single individual is as nothing. The nation would be far happier, its prosperity would be all the more enduring, if it sang of its blessings and its riches instead of scolding about someone else profiteering either in traffic or in toil.

It is hard to change a vicious habit. Cincinnati did such elegant things during the war that we really expected her reformation to be complete, but here she is still wedded to her idols and bows allegiance to a foreign political potentate, Rud Hynica, of New York, remains her superior lord and master.

AND A PRICE PUT ON HIS HEAD

THE eagle is vauntingly called the American bird of freedom. His form soars over our banners and his likeness is graven on our coins.

Yet it is all boast and pretence. The American government itself places a price on his head. In Alaska over eight thousand eagles have been slaughtered since a bounty of fifty cents has been given for his tuft, and the slaughter is going on at such a rate as his fair to exterminate the whole of the species in less than a half dozen years.

Fine business.

Some things are to laugh. Here is a Republican organ saying "Cox's speech is vague." It has been said language is given to man to conceal his thoughts but never before has Jim Cox been accused of having any knowledge that it can be used that way. His friends among the politicians complain he talks right out on everything and conceals and ducks nothing, but he seemed to have thrived quite handsomely in politics, all the same.

In the light of the day after the Wellston Sentinel can scarce place itself on being a political seer. On Monday it exclaimed in a loud voice that a heavy vote in the state primary was promised. As an actual fact it was the lightest, humbly enough to those candidates, who went surging over the state trying to stir indifferent voters up.

The English language is queer. We just read a headline: "Judge Williams is Dead At Roanoke" and the involuntary question arose in our thought: Isn't he alive anywhere?

The Democrats of Illinois have nominated Jim Ham Lewis for governor. Himself and his crimson whiskers will illumine the campaign in more ways than one.

The voice of the people has been heard through the markings of less than one-fourth of the voters.

Frank B. Willis, the boy beautiful of the Anti-Saloon League, walked off with the cake.

That 60,000 barrel oil strike in the Vera Cruz field is no guarantee that things will run smoother in Mexico.

The DIARY OF AN ENGAGED GIRL

EN ROUTE TO EUROPE AT LAST

Saturday, August 6.—The day dawned still and hot and glorious. I passed a restless night, for the day had been an exciting one all round, and I was so keyed up to the thought of all that lay before me I could not get to sleep at all for long after the sun went to bed. Then, too, Cecil and I had some upset me fearfully. I saw his white, drawn face wherever I looked—it's awful, that one man's joy should have to mean another man's sorrow. What a ghastly world this is for some of us at times.

I awoke in the gray that heralds the dawn, and watched the sky turn gold and crimson before my eyes, and the first rays of the sun light up the spire of the church far off in the distance. It was very inspiring, and made me wish that I had watched more of these lovely dawns.

I sat at my window dreaming for a long time, until another came in and caught me at it, at about eight o'clock, and kissed me and scolded me all in one breath for being a foolish girl and inviting a cold by sitting in a thin nightgown before an open window. Of course she understood that I was excited and all that, so she patted my cheek and told me to come on down and have a cup of hot coffee with her before the rest of the family was up and about.

Like a couple of second-story men we slipped down to the kitchen and made us a good hot cup of coffee, and I can tell you it tasted divine. Then we went upstairs again, and I had my bath and got dressed. Evidently

WHO'S WHO In The Days News

SENATOR CHAMBERLAIN is announced from Republican headquarters at Washington, D. C., that George Chamberlain, U. S. senator from Oregon, will have to fight for his political life this fall. Chamberlain is a Democrat. Oregon is generally Republican. Since the Republicans believe they have a very good chance to oust Chamberlain.

While the country schools gave a good many of the senators their start in life, Chamberlain rose from the grocer's counter to legislative halls. He spent two years' wages saving and mowing mowers in a general store in Natchez, Miss., before he had acquired the funds to go to college. Later he followed the way of many of his colleagues and became a school teacher.

Senator Chamberlain was born at Natchez on New Year's day, 1856. He graduated from Washington and Lee University in 1876 and the same year went to Oregon. He became a member of the Oregon house of representatives in 1880; was district attorney of the third judicial district 1884-1886; attorney general 1894-1895; district attorney of the four judicial district 1896-1898; elected governor for terms 1899-1902, 1903-1906; resigned in 1906 on election to the U. S. senate for the term 1909-1915; was re-elected in the latter year for the term 1915-1921.

Chamberlain owes a fight. He welcomes the Republican challenge to his seat. His political record shows that he will not be dislodged without a bitter struggle.

BILLY WHISKERS

Again and again the fat cook pulled the trigger, but Billy Whiskers was lucky. In his excitement the fat cook had forgotten that the shotgun had not been loaded for five years. The cook was so angry that he nearly burst a blood vessel, straddling the gun by the barrel, he jammed it, as he thought, but, however, he struck his head for a whiley thump.

"Thunder and halibuts!" he screamed, and jerking his foot up he began to hop along on the other leg.

Billy jumped on him and used him as a stepping stone out of the kitchen, landing back in the street just as Frank and a stupid looking policeman came running up from different directions.

The next story will tell what happened to Billy when the policeman came.

DOE KOKO'S KOLUM

A Song In Summer

When the days are on fire from the lamp of the sun,

And the long afternoons heat the heart with their peace,

I dream of a time when my life will not run

On these highways of joy where the flowers increase.

Oh, I think of a day when the clouds will drift by

In lonely procession above ponder hill.

While I shall be sleeping beneath the hushed sky,

But dreaming, still dreaming, though lying so still.

Yet well I shall know of this pageant of green,

This splendor that thrills through the wide, waking world;

And see once again what my glad eyes have seen.

When June's splendid banners are joyfully unfurled,

The pomp and the glory of summer I'll know:

I shall see the moon rise on the crest of the hill;

And I shall be happy when soft the winds blow,

And smile in my sleep, though I lie there so still!

NEW YORK, August 12.—The in easy camaraderie. Started folk from the hinterland pause with fright-ened looks, but are carried off in the wave of traffic and soon they are smiling and enjoying the experience. Pretty salesgirls, from the nearby shops, with freshly polished faces, chatter about the coming parties of the thousands.

It is a pushing, jostling throng that one does not encounter in the earth's packed subway. Thoughts of coming dinner and the evening slippers and pipe seem to put the ambulant hordes at ease. The Honest Farmer

Two piles of apples lay on the ground. One contained a large sized and racy selection; the fruit of the other was green and small.

"Large on the top, sir, and small at the bottom?" inquired the new assistant of his master, as he prepared to fill a barrel.

"Certainly not!" replied the farmer, indignantly. "Honesty is the best policy, my boy. Put the little apples at the top, and the large ones at the bottom."

The assistant complied. His master was evidently as green as his greatest fruit.

"Is the barrel full, my lad?" asked the farmer.

"Yes," answered the assistant.

"Good!" said the farmer. "Now turn it upside down and label it!"—London Spectator.
